

## Using Kahoot!

The following is a guide to navigate the “Responsible Use of Prescription & OTC Drugs” quiz. If you would like more information about navigating the Kahoot! website and creating your own quizzes, please use the following link:

[https://getkahoot.com/tutorials/Kahoot\\_Tutorials.pdf](https://getkahoot.com/tutorials/Kahoot_Tutorials.pdf)

1. Click on  
“Module  
Your

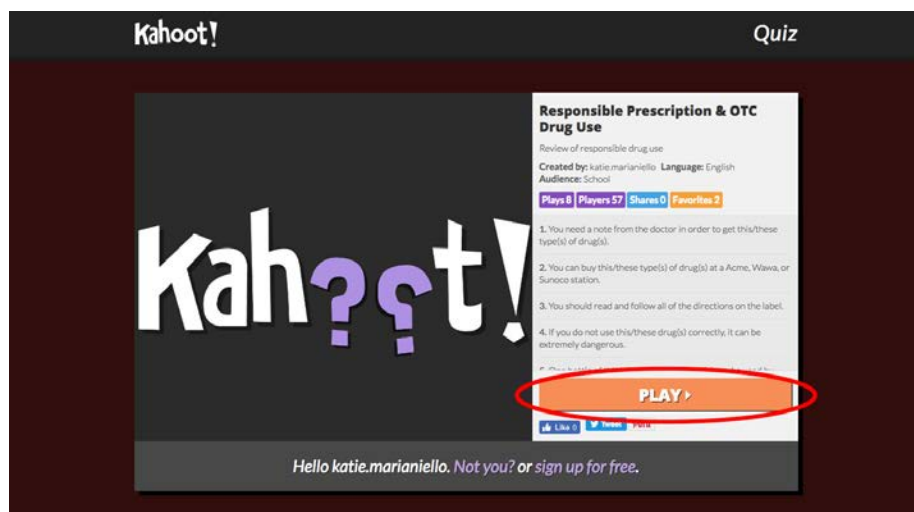

the link in Slide #4 in  
#2: Understanding  
Medical History”  
Powerpoint.

2. Click **“Play”** towards the bottom of the screen.

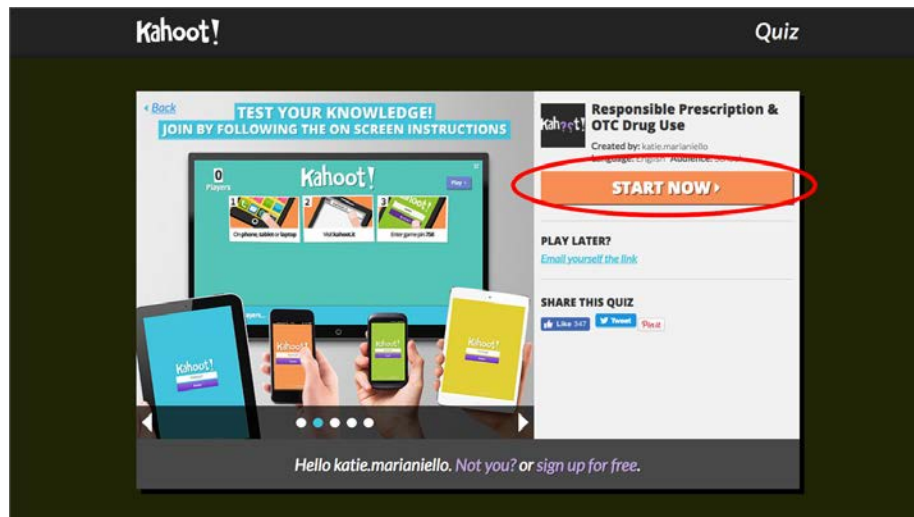

**\*\*Note:** The site may ask you to sign in before showing you this page. You will need to create a free

account, if you  
haven’t already done  
so, in order to access  
this quiz.

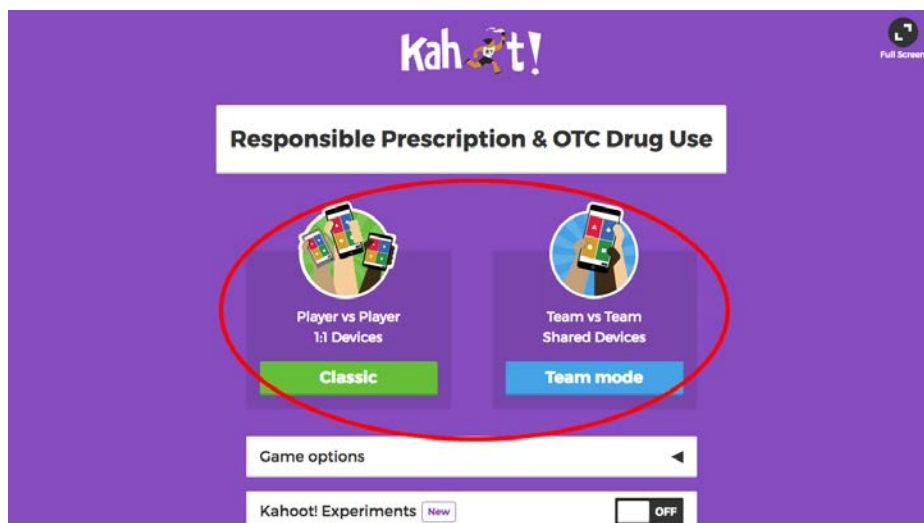

3. Click

**“Start Now”.**

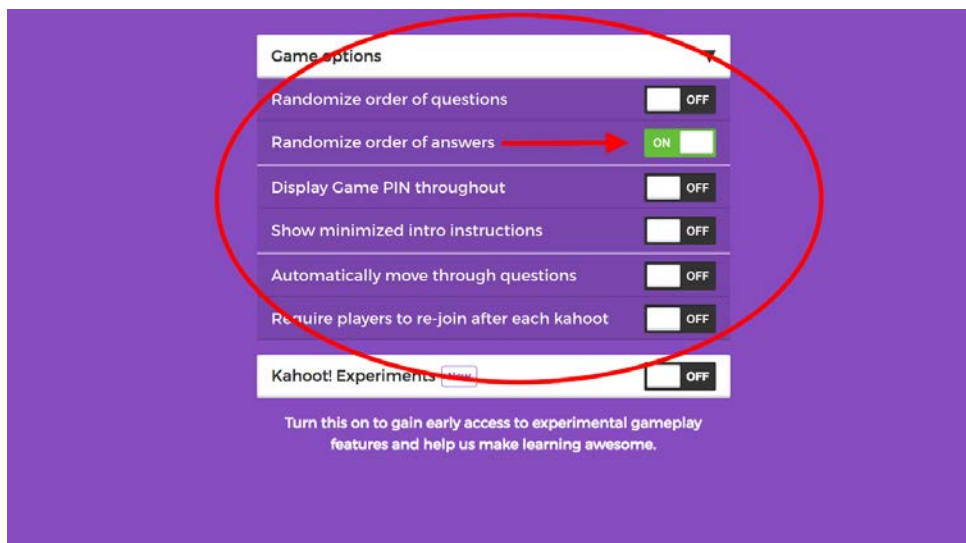

4. Choose the type of game based on your class set-up and access to technology. The **“Classic”** game is if every student has their own electronic device (cell phone/computer/laptop/tablet). **“Team Mode”** is if you have small groups of students using one electronic device.

5. Kahoot! allows you to control multiple features within the game. Just click on the slider to turn the options On/Off. For this quiz, turn on the randomize order of answers.

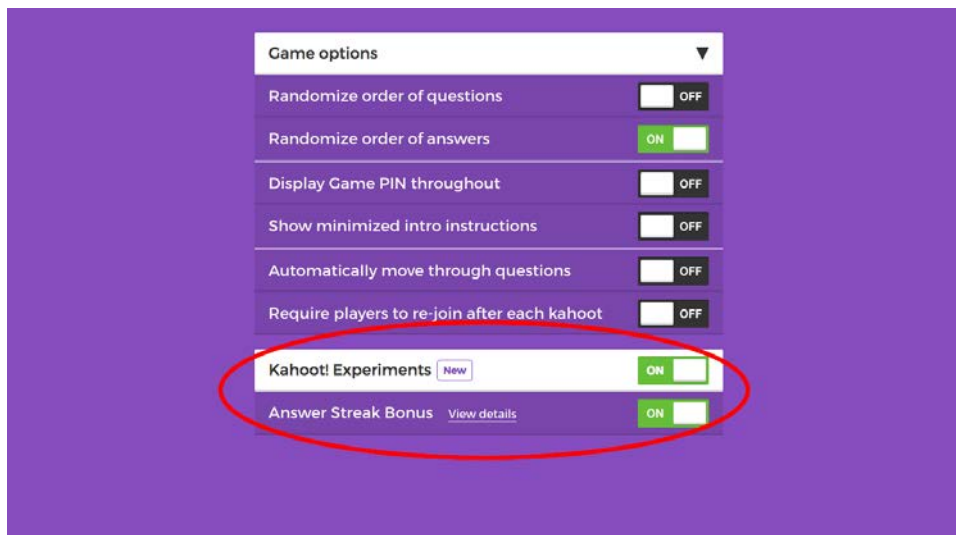

**\*\*Note: If you have connectivity issues at your school, turn on “Display Game PIN Throughout” so**

*students can re-join the game if they get knocked out.*

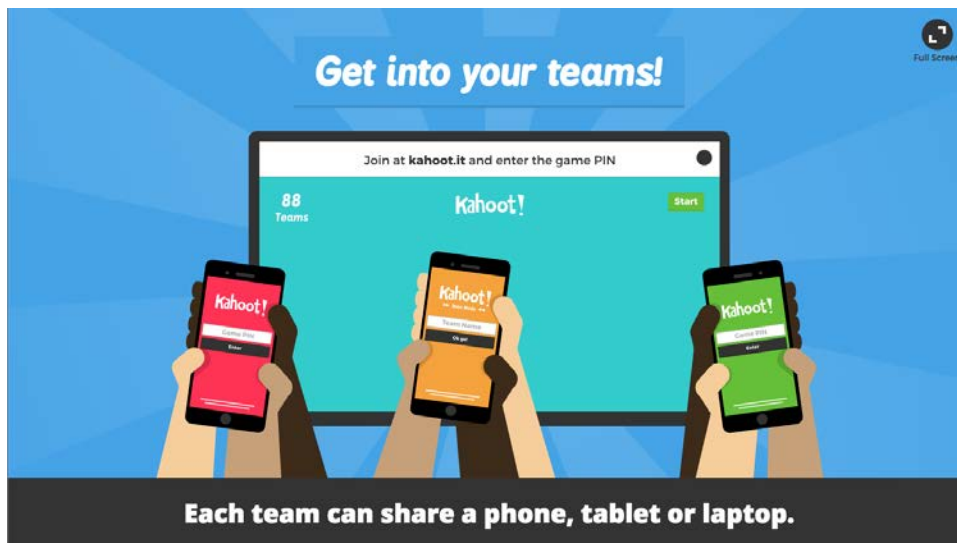

6.

options  
have

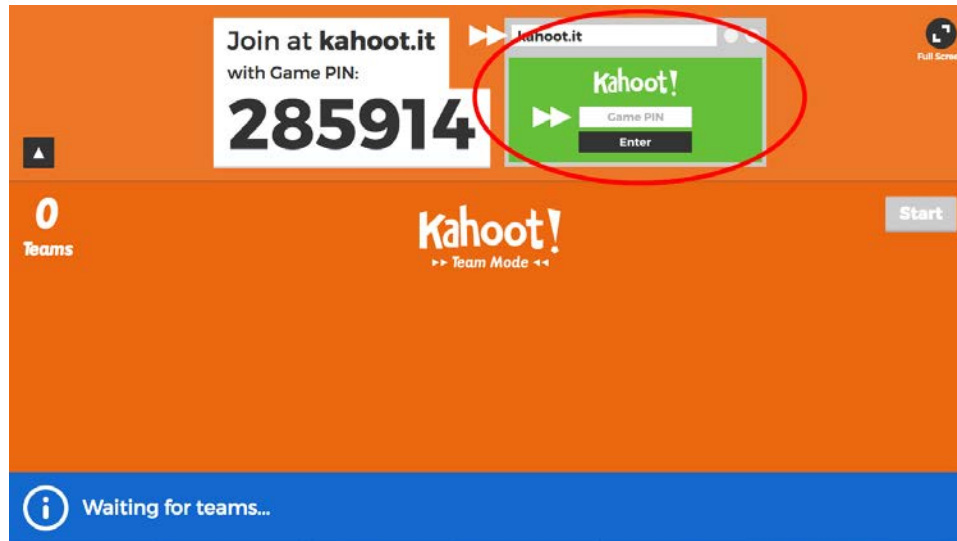

Kahoot! also has experimental you can choose to On/Off for the quiz.

7. Once you have customized the options for your quiz, start the game. You don't have to do anything on this screen. switch once created quiz

It will automatically to the PIN screen the PIN has been for that specific session.

8. Instruct students to go to **kahoot.it** to enter the PIN to join the game. Once they have joined the game, they will be able to type in their team name. You have the ability to deny any groups that come up with inappropriate names before on this screen you start the game.

9. Once you start, the game pretty much runs itself. The question will show up on the screen, the students will have time to answer the question, and the game will reveal the correct answer and statistics about how the class answered after all of the teams have entered or the time runs out. You just have to click the next buttons to move on when you are ready.
