

‘Where Do I Go?’ Alternate Activity- Answer Key

Scenario	Best Answer	Rationale & Teaching Points (if not brought up by participant)
#1: <i>Presenter Example, Sports Physicals</i>	PCP	<ul style="list-style-type: none"> Urgent care doctors are qualified to perform sports physicals, however your PCP knows you better and would be able to give the best medical advice related to participating in sports
#2: <i>Trouble Breathing</i>	ED/ER	<ul style="list-style-type: none"> Breathing difficulty is life threatening, especially when it is an allergic reaction
#3: <i>Pink Eye & Wait a Week for an Appointment</i>	Urgent Care	<ul style="list-style-type: none"> Not life threatening, but something you don't want to wait a week to take care of
#4: <i>Follow Up With Doctor After Urgent Care Visit for Ankle</i>	Specialist	<ul style="list-style-type: none"> Orthopedist has better knowledge of how to care for broken bones
#5: <i>Sunday Morning Ear Pain</i>	Urgent Care	<ul style="list-style-type: none"> Doctor's office not open on Sunday If it is severe enough to warrant a trip to the ER, the doctors at the urgent care clinic will send you
#6: <i>Flu Shot</i>	PCP	<ul style="list-style-type: none"> PCP has the same shot as all of the other clinics that offer a flu shot Have all of your medical records and are more aware of your health history (<i>similar rationale to sports physical</i>)
#7: <i>High Fever & Vomiting</i>	ED/ER	<ul style="list-style-type: none"> High fever with other severe symptoms can be life threatening
#8: <i>Cold/Flu Symptoms</i>	PCP	<ul style="list-style-type: none"> PCP keeps track of all of your visits and knows your health history Not a problem to go to urgent care if you cannot get a timely appointment with your PCP
#9: <i>Blistering Burns</i>	Urgent Care	<ul style="list-style-type: none"> Blisters typically mean second degree burns If it is severe enough to warrant a trip to the ER, the doctors at the urgent care clinic will send you
#10: <i>Deep Cut</i>	Urgent Care	<ul style="list-style-type: none"> Not life threatening, but needs attention to close the cut Might also need a tetanus shot, if out of date
#11: <i>Heart Condition</i>	Specialist	<ul style="list-style-type: none"> Cardiologist has better knowledge of how to care for your heart
